HID Global Corporate Conflict Minerals Policy

HID Global Corporation and its subsidiaries (“HID Global”) are committed to sourcing components and materials from companies that share our values regarding respect for human rights, integrity and environmental responsibility.

While HID Global is not a US publically traded company subject to SEC reporting, HID is committed to complying with the applicable sections of the OECD Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas, as well as the requirements of Section 1502 of the Dodd-Frank Act, which aims to prevent the use of minerals that directly or indirectly finance or benefit armed groups in the Democratic Republic of the Congo (DRC) or in adjoining countries.

Affected suppliers to HID Global will be required to be or commit to becoming “conflict-free” (which means that such supplier does not source conflict minerals that directly or indirectly finance or benefit armed groups in the DRC or adjoining countries). Each affected supplier to HID Global will be required to provide a completed Conflict Minerals Reporting Template (CMRT) evidencing such supplier’s commitment to becoming conflict-free and documenting facilities refining and smelting the tin, tantalum, tungsten, and gold that it supplies to HID Global.

If you have specific questions regarding the HID Global Conflict Minerals program or wish to obtain a copy of HID Global’s Corporate CMRT, please email HIDEnvironmental@hidglobal.com
